PHS support for Parents

Prestatyn High School have been working with parents from their school community who have told them that parenting can sometimes be tough. They would like to take part in some learning about their children's mental health so they could understand more and that it was hard to access counselling services. Times can be tough for families and they would like to be able to access a support service. They also said that they would like to develop a group where parents going through difficult experiences could come together to support each other. The parents they have worked with want this to be open to as many parents in our community as possible. Please contact Prestatyn High School for further details.

Well done to the pupils in Year 1 who entered the Easter Bonnet competition.

Year 1 also had a fantastic day in Greenfield Valley learning about what schools would have been like during the Victorian times.

Happy Birthday

Foster Wales is the national network of not-for-profit local authority fostering services across Wales.

Our Denbighshire team is your local support network. We're not your standard fostering agency – we're far more connected.

All across Wales, there are children who need us. They need you too.

These children are babies, toddlers, teenagers, siblings and young parents. Each child has a unique story but our mission is the same for each one: to create a better future.
